BIO

Anton Roolaart is a Dutch-American solo artist known for his contributions to the symphonic and art rock genres. Anton's performances span solo acoustic sets to full-band shows, gracing venues and progressive rock festivals across the USA, Canada, Spain and The Netherlands. Currently, he is nearing the completion of his highly anticipated third album. Also notable, Anton has been a significant supporter of progressive rock artists and the prog community. He founded and operated ProgRockRadio.com, a popular online streaming radio station dedicated to the genre, which he ran for a decade until its closure in 2016. Anton's dedication to his craft and his community has solidified his place in the world of progressive rock. **Anton is based in Amsterdam, The Netherlands.**

ProgArchives.com

"This excellent album combines the spirit of British Symphonic, Flemish roots and modern technologies and it's an excellent addition for any Progressive Rock Collection."

by Iván Melgar Morey - Perú

Background Magazine

"The music Roolaart recorded on Dreamer is pretty amazing and highly recommended to anyone who likes neo-progressive rock.... Let's welcome this new musical talent!"

by Henri Strik - Netherlands

Sea Of Tranquility

"If you enjoy the mellower sounds of bands like Camel and Genesis, The Plight of Lady Oona should be much to your liking. It really is a lovely slice of melodic symphonic progressive rock and fully deserving of 4 stars."
